

OFFICIAL NOTICE: ASR PROHIBITION REMOVED

Generated: 2026-08-25 | Version 2.1 | Status: ASR PERMITTED

Notice

This is to certify that any prohibition on the use of Automatic Speech Recognition (ASR) has been officially removed from all project documents, licenses, and terms associated with arena-city-try / City Rush.

Authorization

The use of ASR, including speech-to-text, voice recognition, transcription, and voice commands, is now **FULLY PERMITTED**.

No restriction, no approval required.

Scope

This applies to: game client, server, tools, documentation, research, commercial use, and third-party integrations.

Effective

Effective immediately and retroactively to all prior versions.
